

## ALL-IN-ONE COMMUNICATIONS PLATFORM

# Put an End to App Overload

NetFortris CommUnity unifies all your communication — voice, video, messaging, collaboration, conferencing, meetings and call center — on one platform that's easy to use and simple to run. And we put it in the cloud, so that your team can collaborate from any device, anywhere — office, home or on the go!

## CommUnity

### COMMUNICATE SMARTER

CommUnity is designed to meet your business communications needs today and tomorrow. CommUnity scales easily as your business grows, always works when you need it and gives your team the latest functionality at their fingertips.

#### > GET MORE DONE

With all communications channels in one place, you can streamline teamwork and improve productivity.

#### > CUT YOUR COSTS

No need to buy another phone system when you can pay as you go with predictable monthly rates.

#### > WORK ANYWHERE

Your team can access CommUnity from any internet-enabled device to work from home or on the go.

#### > CONTROL YOUR SYSTEM

Instantly set or change call handling preferences using our intuitive web-based admin portal.

#### > EXPAND EASILY

CommUnity expands as your business grows — whether you're adding hundreds of users or one.

#### > OFFLOAD UPKEEP

We automatically maintain and upgrade our platform/ applications, so you're always up to date.

# Fully Managed, Worry Free

CommUnity is built with security and reliability in mind. And it's fully managed by our expert engineering team, so you can focus on your business, not your phone system.
