

GET IT THAT JUST WORKS

Your Competitive Edge

Technology's primary job is no longer enabling the business. It's driving competitive advantage. This seismic shift in thinking about technology is taking hold among savvy businesses of all sizes — from startups to enterprises and industries from retail to health care. Here's how:

- Automating processes
- Boosting productivity
- Cutting costs
- Speeding time to market
- Improving service delivery
- Enabling agile business
- Accelerating innovation
- Driving revenue
- Fueling growth

READY TO SHIFT YOUR THINKING?

Conceptually, leveraging modern technology for strategic gain is just plain smart. Practically, deploying complex technology is just plain overwhelming.

- **HOW DO YOU BEGIN?**
- **HOW DO YOU MAKE IT ALL WORK?**
- **HOW DO YOU DRIVE ADOPTION?**
- **HOW DO YOU STAY AHEAD OF THE CURVE?**
- **HOW DO YOU OPTIMIZE OPERATIONS?**
- **HOW DO YOU MAXIMIZE RESULTS?**

JUST THINK NETFORTRIS!

At NetFortris, we get it. Technology isn't your core business, but it's ours. We specialize in cloud communications, networking and security. And we've made it our mission to Empower Your Business as your technology partner. Just think of NetFortris as Your Edge!

Your technology partner

With deep roots in engineering, networking and development, we've pioneered technology innovations. But we also understand that technology for its own sake is a losing proposition. Outcomes are paramount. We bring both to our partnership.

WE CUSTOMIZE YOUR SOLUTION

NetFortris owns and operates an enterprise-class technology stack managed by tenured voice and data network engineers, security experts, software developers and UI experts, giving us complete control. That means we have the power to:

- Tailor solutions to your business needs
- Be agile so you can capitalize on opportunities
- Deliver feature-rich and future-proof cloud solutions
- Create cost-effective solutions
- Integrate with your applications
- Tap into a library of bespoke solutions

WE ENABLE YOUR SUCCESS

NetFortris has aligned its expert sales, sales engineering, provisioning, account management and customer success teams to advise and support you as your needs evolve. That means we have the people and processes to:

- Get to know your unique needs and objectives
- Recommend best practices and solution
- Ensure seamless implementation
- Onboard your admins and users
- Train and coach for widespread adoption
- Stay with you through your engagement

WE ENSURE YOUR SATISFACTION

NetFortris employs a tenured team of product developers, network engineers, account managers and customer service specialists. Their jobs are to make sure that we deliver as advertised. That means that we strive to:

- Deploy your solution with low or no disruption
- Deliver network availability and reliability with a 99.999% SLA
- Fulfill your requests graciously and expediently
- Exceed industry CSAT and NPS ratings
- Earn your business every day with our customer-first approach

WE BECOME YOUR EXPERT TEAM

NetFortris has a 24/7 Network Operations Center (NOC) and a customer success organization staffed by skilled professionals to manage your technology and experience. So we have the skills and tools to:

- Provide enterprise-grade managed services
- Oversee your infrastructure round the clock
- Keep ahead of changing technology trends
- Connect you with an ecosystem of leading technology vendors and consulting partners

WE EMPOWER YOUR BUSINESS

NetFortris delivers solutions and services, people and processes, and accountability and transparency that you can depend on. That means that we empower you to:

- Work smarter
- Be agile and innovative
- Boost revenue and growth
