Paperless Faxing

Today, faxing documents is still used by many businesses to share files, but a fax machine can be a costly expense to your office. NetFortris modernizes how your business manages faxes. Our paperless fax service allows users to send and receive faxes via email. This makes it easy to manage faxes, even when you aren't in the office and eliminates the need for a dedicated piece of equipment. Get NetFortris' fax service without the hassle of lost pages, mistaken document pickups, busy lines, or machine malfunction.

BENEFITS AT-A-GLANCE

CONVENIENCE

Add all the benefits of email to your faxes — view, print, archive, forward, and import attached faxes into other applications.

COST CONTROL

Eliminate fax machines and software. Drastically reduce ink/paper usage. Access activity reports, providing analysis for cost allocation and expense.

WEB ACCESS

Faxes can be retrieved and managed from our secure web portal. If you have internet access, you can access your fax service.

PRIVACY

Never compromise confidentiality. Unintended recipients cannot view fax content if it is in your email instead of in a pile of papers.
